

Information for NURS8823 CaFHN students

Queensland placements

We understand that in QLD **Blue Cards are not usually provided to those who are registered nurses.** To meet the Flinders University pre-placement requirements, we will accept a note that indicates that you are a registered nurse and provide your registration number uploaded into the “State-based Working with Children Check” section in InPlace.

[Click here to access the QLD Health ‘preparing for your Clinical Placement’ page.](#) Please read that very carefully to understand your requirements **as a student** in QLD Health.

Please note the Queensland residential placement (the [Ellen Barron Family Centre](#)) is located in Brisbane so travel may be required to complete a 3 day residential placement, if you chose that option.

Placements can be undertaken outside of QLD. Please refer to the relevant fact-sheets by state, if you require them. Please note that you may have additional pre-placement requirements for each state and venue that you choose.

A **Placement Schedule or Student Placement Letter of Agreement** must be in place for each venue you wish to complete your placement with. This will be completed by your Flinders University WIL support officer once you have provided the contact details and evidence of the organisations willing to host you.

Placements cannot commence without the appropriate agreements in place.

Considerations for a reduction in, changes to the structure of placements to be undertaken or earlier commencement dates **need to be negotiated** with the topic coordinator.

Please ensure you keep your contact information current in the Student Information System, including your best contact number, and semester-long residential address.

You can check and update your information via the Student Information System tile on OKTA. If you need help with that, you will also find IT Support on OKTA.

[Please refer to our website](#) for **guidance on preparing your uniform, name badge, the Placement Reimbursement policy** and other general placement related information.
