

Tasmanian placements

There are no CaFH residential services in Tasmania so interstate travel will be required to complete a 3 day residential placement. You can also consider another option for the Specialised Services placement to stay local.

A **Placement Schedule or Student Placement Letter of Agreement** must be in place for each venue you wish to complete your placement with. This will be completed by your Flinders University WIL support officer once you have provided the contact details and evidence of the organisations willing to host you.

For placement information outside of TAS, please refer to the relevant fact-sheets by state, if you require them. Please note that you may have additional pre-placement requirements for each state and venue that you choose.

Considerations for a reduction in placements, changes to the structure of placements to be undertaken or earlier commencement dates **need to be negotiated** with the topic coordinator.

Please ensure you keep your contact information current in the Student Information System, **including your best contact number, and semester-long residential address.**

You can check and update your information via the Student Information System tile on OKTA. If you need help with that, you will also find IT Support on OKTA.

[Please refer to our website](#) for **guidance on preparing your uniform, name badge, the Reimbursement Policy** and other general placement related information.
