Web page title: Regional Local Health Network Orientation for Nursing and Midwifery Students

Login details

User: student-uni

Login: student-uni

There you will find items which have to be completed for any SA Health Hospital, and there should also be a folder for Barossa Hills Fleurieu Region and within that is the Gawler Health Service folder.

You will need to present the student declaration and all other compliance documents to the facilitator on your first day of placement, this also includes your drug calculations before you can commence placement.
