

**Bachelor of Medical Science (Laboratory Medicine)  
Commencing Semester 2 – Full-time Study Load**

Medicine &  
Public Health

**Please note:**

- This document is provided as a guide only. It is the student’s responsibility to review and assess any changes to the course rule, topic prerequisites and semester availability; this information is available [online](#).
- Students without prior chemistry knowledge should enrol in CHEM1201 General Chemistry first (choosing this as an Option Topic) and then select CHEM1010 Chemistry 1A in the next semester. Please email [courseadvice.MPH@flinders.edu.au](mailto:courseadvice.MPH@flinders.edu.au) to request a personalised study planner in this instance.
- Prerequisites are listed in *red*.
- ▲ may be studied concurrently with associated topic.
- \*assumed knowledge – please refer to the Course Rule for clarification.
- Option topics are available from a select list of topics as per the course rule.
